

Make an inference, practice 1

Name: _____

Date: _____

Read the passage and answer. Focus: Inference.

PASSAGE

Ben arrived early at the school garden. A box of seeds and a label for every row came along. Before planting, Ben moved the stones, measured the furrows and left a narrow path so no one would step on the soil. At the end, a squirrel appeared beside the last pot, and the meeting went into a notebook.

1. What is the main idea?

2. What might happen next?

3. Where does the passage take place?

4. Write one detail that shows careful work.
